

ALURA®

For centuries, women and men around the world have struggled to find answers to better relationships and greater sexual satisfaction. Statistics indicate that one out of

every three break-ups is due to lack of intimacy. Today, intimacy has never been more promising thanks to this incredible product. Romance only dies if you let it.

"When sexual intimacy is enhanced, the other dimensions of intimacy seem to improve...communication increases and thus, the overall relationship is enhanced," said Dr. Dale Keeton, renowned psychologist,

applied to a woman's genital area, it penetrates the soft surface tissue and creates an exhilarating, "cool tingling" sensation. In some cases, the continual use of Alura® can result in greater intimate pleasure for women.

and other women, including physicians. Alura® is a 100% water soluble essence product which quickly moistens your skin and makes it feel fresh, alive and healthy.

Alura® is a patented, safe, clear viscous compound that contains ingredients that help keep the surface of the clitoris sensitive. When

Alura® is a natural, topical crème and is sold over-the-counter through the NHT Global network. And it has been evaluated by a laboratory, nurses,

Join the thousands of VERY satisfied people who have made Alura® the spice in their love lives! And for your partner, try our new Valura Xtreme™ for men.

ALURA TESTIMONIALS

After being married for 10 years with two children, whenever we can throw in a little something special, it makes for magical evenings! The more I use it, the more powerful the sensation.
— Kathy

Alura® caused VA VA VOODOOM in my bedroom. You just have to give it a try. You won't regret it!
— Katie

I tried Alura® not long after having my first baby. I was feeling frustrated because sex was nothing like it had

been before the baby. My husband bought Alura® and told me that it may take several applications before I would notice anything. The first time I tried – nothing. I was sad but willing to keep trying. The second time, I felt a little tingly, but nothing wonderful. The third time – WOW!
— Lynda

I was completely surprised by Alura – of course so was my husband! I have to tell you the product is wonderful – it gets better every time we use it!
— Sherry

Alura® Recommended Usage:

Alura should be used daily as well as prior to intimacy. Apply small amount (~.2ml) either each morning or evening, and then apply larger amount (~.7ml) just prior to intimacy. For optimum results, Alura is intended for continued daily use for at least 60 days.

Application Instructions:

1. Apply creme to fingertip.
2. Apply to underside of clitoris and massage in thoroughly.

Alura® Ingredient List:

Purified Water USP, Propylene Glycol USP, Hydroxyethylcellulose NF, L-arginine USP, Citric Acid USP, Menthol USP, Methylparaben NF

Consult your health care professional prior to use if you have or suspect a medical condition or are taking prescription drugs. DO NOT use Alura during pregnancy. DO NOT get into eyes.
