

PREMIUM NONI

180° Life System®

Pacific Islanders have enjoyed the health benefits of the Noni fruit for thousands of years. Naturally rich in vitamins, minerals, enzymes, antioxidants, phytonutrients, and bioflavonoids, Noni fruit works at a cellular

level in the body to support the natural function of the immune system.

Noni juice... you'll love it, and more importantly, you'll love how you feel when you drink it!

Noni has a long, rich history, dating back thousands of years to the South Pacific Islands. Islanders relied on the Noni plant for many medicinal uses – even as an energy source for island warriors. Revered as one of the most beneficial plants by native islanders, it was believed to provide balance to the body, affecting most systems in the body.

Through years of study, Noni's many health benefits have been confirmed by modern science – and, as research expands, Noni continues to prove its value as one of the world's most amazing super-fruits.

Among Noni's health benefits are immune system support, increased energy levels, and a remarkable supply of antioxidants known to help rid the body of harmful free radicals.

Because NHT Global is committed to superb quality, our Noni fruit is harvested on Internationally Certified Organic plantations in the purest land in the world... the famed Tahitian

Ring of the South Pacific. This pristine land is the furthest from any corrupting influences, the trade winds blow fresh, clean air, and the soil is rich from tropical vegetation and the minerals of volcanic activity.

NHT Global is proud to partner in a 'chief to chief' quality juicing process. The Noni fruit is ordered with a call to a Samoan Chief, from a plantation that has been in the Chief's family for centuries – 'chief to chief' quality. The fruit is harvested, aged, and flash pasteurized ONCE to maintain the purity, effectiveness, flavor and highest quality of Noni juice possible.

Our commitment to quality has been recognized internationally with

NHT Global's noni is grown and harvested in some of the most pristine land on earth – the tropical islands of the beautiful South Pacific.
